Greeks and Turks in Bloody Encounters.

Macedonia the Scene of the Battles.

The Irregulars Meet Their First Defeat

And Retreat in Good Order to the Mountains.

The Brave Little Band Ordered to Retreat to Greece Unless Backed by the Grecian Army.

LARISSA, Headquarters of the Greek army in Thessaly, April 16.—Severe fighting has occurred in Macedonia between the Greek irregulars and Turkish forces. The column of irregulars sent to the right from Pigavitza, after having invested and captured Sitovon, continued its advance towards Kritudes, Plisia and Kourduzi, with orders to hold Kourduzi at all costs, as it commands the right approach to Grovena, the objective point. This column, commanded by Chiefs Zermos and Lazzo, attacked Kritules on Tuesday. The place was defended by two companies of Turks.

After a severe fight, during which eighty Turks were killed and twenty-five were taken prisoner, the position was captured by the Greeks, who also obtained possession of 150 rifles and a quantity of cartridges. The insurgents, however, have suffered a severe check in another direction.

A strong force of Turkish troops from Mecouvon, with a number of mounted guns, advanced on Krania, which had previously been captured by the Greeks, and attacked the 400 irregulars of Greece who occupied an entrenched position. It is reported that the fighting was ferocious on both sides.

The insurgents, eventually were compelled to retreat north to the mountains. Some of them, however, succeeded in breaking through the Turkish lines and escaped to Baltino, the town just across the frontier, in Macedonia, first captured by the Greek irregulars and used by them as a depot for provisions and ammunition.

The accounts given by the refugees of the Turkish losses are believed to be exaggerated. They say that 205 Turks were killed, while the irregulars only had eight men killed and seventeen wounded.

The leader of the Greeks who commanded the division, Chief Mikonas, was among the wounded and returned later into Greek territory with a number of the refugees.

One of the latter says that a portion of the Turkish force was composed of irregulars, whose dress resembles that of the Greek insurgents. This, it appears, enabled the Turkish force to execute a flank movement unnoticed by the leaders of the Greeks.

The refugee referred to blames the Greek leaders for badly handling their men. All the refugees bore traces of having experienced great fatigue, and it is reported that the Ethnike Hetairia, or National league, has ordered the Greek irregulars to retreat into Greek territory, regarding further bloodshed as useless unless the regular army of Greece supports the irregulars.

The royal princess has arrived here to take part in the work of the ambulance corps. It is thought probable that Prince Constantine, the crown prince and commander-in-chief of the Greek forces, will shortly move his headquarters to a more central position near Zaros. There is a feeling of great satisfaction here at the declarations made by Premier Delyannis in the Greek chamber of deputies.

Three hundred Hungarian horses, for cavalry remounts, were landed at Volo yesterday and are being forwarded to Trikhala.

## COMING FIGHTS.

Olympic Club Arranges a Few Matches.

Gans, Leonard, Jeffries, Stelzner, Green and Needham and Possibly Sharkey Are the Participants.

SAN FRANCISCO, April 16.—The Olympic Athletic club of this city has matched Joe Gans and Mike Leonard for a purse of $2,000, the contest to take place in this city early in May at 133 pounds. An effort is also being made to bring Jeffries and Stelzner together on the same night. There is every probability that George Green and Danny Needham will be matched today. Green stipulates that the contest shall be at 145 pounds. Green and Needham have met before, the former securing the decision. Sharkey has selected Jim Hall as his trainer and sparring mentor.

## ALL CRIPPLES.

Unprecedented Combination at Police Court Today.

Three Train Jumpers Before the Mayor and They Only Had a Leg Apiece—Happenings in Police Circles.

Mayor Schorer had a combination at police court which has probably had no precedent under any chief executive of the city since police court became an established fixture. Three prisoners, with only one leg apiece, hobbled in to answer to the charge of stealing rides on Pennsylvania trains. This army of cripples had a story to tell and two of them told it so well that the mayor let them go, but the other one got his foot in it by acting in an impudent manner and now languishes in jail. The trio gave their names as Henry Brown, Thomas Harrington and James Murray. They claimed to be traveling from the east to Chicago, and having met at an eastern city, they decided to travel as a very unique combination.

John Trease was assaulted by one Jack McCaffrey and companions, on Lafayette street, last night, and McCaffrey was sent over for fifteen days. Trease was badly used up. The fight arose over old strike troubles.

## ENGINE ARRIVES.

Handsome Addition to Fort Wayne's Fire Equipment.

More Hose Bought and Ready for Use—Ten Miles of New Copper Wire Will Be Purchased.

The new fire engine from the works of the La France Fire Engine company, Elmira, N. Y., arrived this morning and was taken to the central engine house. The machine is a beauty, and being of the latest design, possesses some advantages over other engines. Its cost was $3,800. Two thousand feet of new hose was also received.

The board of safety has instructed Clerk Schmidt to ascertain the best price for ten miles of new copper wire, which quantity will be bought to replace the present iron wire lines and possibly make a few extensions.

### Still a Deadlock.

## FLOOD HORRORS.

Fifteen Dead Bodies Found in the Water.

The Scene of the Ghastly Find Was Jefferson Davis' Homestead—Today's Situation.

VICKSBURG, Miss., April 16.—The refugees who came from Davis island on the government steamer, John R. Meigs, and the steamer Atlanta, report the drowning of eleven persons, all colored, on Davis island, Wednesday evening. Homer Moore, Pete Clements and wife and Henry Garland were drowned on the Hurricane plantation. The other seven, who are reported drowned on other parts of the island, are women and children from the Palmyra place. The loss of stock on the island has been very great. The steamer Florence remains at the island to rescue people and ferry stock over to the Louisiana mainland. A special from Natchez, Miss., says it was thought that all on Davis island had escaped after the crevasse, but fifteen bodies have been found floating around the old Brierfield plantation, which was the homestead of Jefferson Davis. The surviving inhabitants are huddled in tents on top of the levee. From appearances this overflow will be worse than ever known before.

NEW ORLEANS, La., April 16.—Nineteen feet by April 20, says the weather bureau, as far as New Orleans is concerned. It will probably come sooner. It will not mean any danger to the city, but water will cover the wharves and wet adjacent streets some. The railroads are already elevating their tracks and platforms, have been built at the depots, but the steamboats complain that no provision has been made for them. The entire wharf front will probably have to be rebuilt and raised. The Louisiana line is still holding, strange to say, though rises of three inches and more a day are quite common. It looks as if the limit of endurance, or its height, must come soon. Much higher water will wash over many of the banks, and in their present softened condition they will be so badly soaked that it is a question of their ability to bear the weight against them, still the perfection of drainage going on all along the line will help out in the crisis. The flood wave has about reached the fifth district and if that is passed safely there is no reason why the levees between Baton Rouge and New Orleans should not escape. The second break on Bayou La Fourche is not creating much alarm. There is no crevasse on either side of the bayou, but the water could not have picked out better spots, running off into large areas of swamp lands. It has reduced the height of the bayou and if the planters can hold the rest of the line many valuable plantations will be saved.

## FOUR DEPARTMENTS.

Complete Organization for Woman's Club League.

Art, Education, Municipal Action and Social Science Now to be Conducted in Separate Divisions.

The Woman's Club League has been divided into four departments, so that with more complete organization there could be better work done. The four departments, Art, Education, Municipal Action, and Social Science, will each meet once this year. The Educational department has already met, and elected Miss Swope, of Westminster seminary, chairman, and Mrs. O. N. Guildlin, secretary. Mrs. George Felts, chairman of the Social Science department, has called a meeting of her division for Saturday, April 17, at 2:30 p. m., in the Y. W. C. A. parlors. The other departments will meet in the near future. It is urgently desired that all persons belonging to the league and interested in its work will join one of these departments, and will make an especial effort to attend these first meetings.

## HOT OLD TIME.

Street Car Conductors and Passengers Fight.

The Companies Forced to Accept the Cut in Fares Until the Matter Can be Settled in Court.

INDIANAPOLIS, April 16.—The controversy over the three-cent street car fare law is becoming very serious and several riots have already taken place. The citizens are banding together to enforce the law and more trouble for the street car people is promised. On the Illinois street car line this morning a little old man boarded a car and tendered the conductor three cents, which was refused. The old man refused to pay five cents and the conductor laid hold of him with the intention of putting him off the car. But the passenger clung to the seat and other passengers joined forces with him and a lively battle ensued, in which one of the citizens was kicked in the abdomen by the conductor and severely injured. In the melee the car windows were broken and the conductor was more or less bruised and scratched. He collected no more five-cent fares on that trip. This was a typical morning scene, other incidents of a like character being enacted all over the city. Rev. G. A. Carstens, an Episcopalian minister, offered a conductor three cents in payment of his fare. Of course, this was declined, when the minister paid the amount demanded and compelled the conductor to give him a written receipt for the sum. This receipt will form the basis of a suit to be filed against the company. Many similar suits are being filed and the situation on the streets and in the courts is getting extremely interesting.

### GIVES UP THE FIGHT.

INDIANAPOLIS, April 16.—3 p. m.—For the present, at least, the Citizens' Street Railroad company has decided to give up its fight against the three-cent fare law. A. L. Mason, president of the company, says that until the case is settled in the courts, three cents will be accepted as a fare. This announcement was made by Mayor Taggart. About 10:30 o'clock this morning the mayor sent for Mr. Mason and told him that the police would receive orders to see that the three-cent fair law was enforced. He suggested that the street car company had better do something to protect itself and its men from arrest. Mr. Mason said he would instruct the employes that from now until the case in the upper courts is settled they would accept three cents as a fare on the car. There were many riotous scenes on some of the streets down town today. The street railroad company had repeated yesterday's verbal instructions to conductors to pay no attention to the law, fixing fares at five cents, and had posted in the barns a glaring notice that five-cent fares should be collected. An informal indignation meeting was held in the forenoon hours at Illinois and Ohio streets. The announcement of President Mason, it is thought, has been made just in time to avert serious trouble.

### WILL INDICT THEM.

The county grand jury was today called together and instructed by Judge McCray to investigate the violations of the law by the Citizens Street Railroad company and its employes.

### Worth Sending For.

One of the best receipt books for every day use in the kitchen that we have ever seen is that sent free by the Cleveland Baking Powder company, New York.

It is a pamphlet of seventy-eight pages and contains four hundred selected receipts for soup, fish, meats of all kinds, breakfast breads, biscuit, plain and fancy cake, puddings, dessert, beverages, food for the sick, etc.

The book also contains specially contributed receipts by Marion Harland, Miss Maria Parloa, Mrs. S. T. Rorer, Mrs. D. A. Lincoln, Mrs. Eliza R. Parker, and nearly fifty other leading teachers of cookery and writers on Domestic Science.

We advise all readers of THE SENTINEL to send for a copy. Send address with stamp to Cleveland Baking Powder Co., New York.

## NOT SETTLED YET.

The Trouble in the Presbyterian Church at Plymouth.

Its Congregation Has Two Factions and They Have Been Fighting for Twenty Years.

LOGANSPORT, Ind., April 16.—The semi-annual session of the Logansport presbytery came to a close yesterday. The Rev. Henry Little, of Mishawaka, succeeded the Rev. T. E. Hughes as moderator, and the Rev. W. E. Price, of Kentland, and the Rev. T. J. Black, of Walkerton, were chosen secretaries.

The most important matter before the presbytery, and one which has caused trouble for nearly twenty years, was the consideration of the church dissension. At Plymouth for years there have been two factions in the church, and evidences of ill will crop out at frequent intervals, and more pronouncedly at church elections. Everything progressed fairly well as long as one faction had a majority, but about a year ago affairs reached a crisis when both factions elected officers and proposed to rule the church.

Feeling reached such a high tension that it would have taken but little to precipitate violence, and this was averted only by the exercise of good judgment on the part of the cooler heads. Under such circumstances nothing could be done in the way of employing a pastor, and when the presbytery met one year ago the Rev. Mr. Putnam, of this city, was appointed moderator of the church to adjust the difficulties. At the end of six months the presbytery found it advisable to put the matter in the hands of a commission of three, and the Rev. J. B. Fleming, of Valparaiso; the Rev. R. H. Hartley, of LaPorte, and Mr. E. D. Barrows, of the same city, were appointed to serve.

They submitted their report yesterday evening, and a warm discussion ensued. The commission recommended that one set of church officers be recognized for the time being, that a moderator be appointed, and that no church election of officers be held without permission of the presbytery. There was no contention except in the matter of church elections, and that issue was lost. Thus the matter is no nearer a solution than before, and it is quite likely that an election will be held by the two factions which will further intensify the enmity between them.

Probably no church in Indiana has had so much trouble, or gained so much undesirable notoriety as the First Presbyterian church of Plymouth. On one occasion a Chicago publication contained a page write-up of the trouble, with half-tone cuts of those most deeply identified with the church war, as well as those interested in bringing about a peaceful settlement of the issues. There is nothing at all to fight about when it is all summed up, but the opposing elements have been fighting so long, and are so determined to be in control, that there is very strong reason to believe that it will result in the disbanding of the church.

## REVEALED BY A BIBLE,

Which Had Been Buried With Its Owner Many Years Ago.

EVANSVILLE, Ind., April 16.—To settle a dispute among the Kissinger heirs of Leavenworth, whose property has long been in litigation, it was resolved to resurrect the family Bible, which was buried with Jacob Kissinger, more than thirty years ago. The book was found in a fair state of preservation, and the genealogical record therein not only settled the question at issue, but disclosed to the heirs the old man's will, which was known to exist at the time of his death, but which could not be found. The will divided the property, real and personal, equally among five children. Four of these are Crawford county citizens. The other is a resident of Germany, born of Jacob's first wife. The American family knew nothing of the first marriage or its fruit.

## MISSING FROM HOME.

Mysterious Disappearance of Rev. Case, of Lagrange.

Theory That He Was Lured to His Death as Was Dr. Cronin at Chicago.

LAGRANGE, Ind., April 16.—Rev. A. L. Case, who has a charge at Tekonsha, is mysteriously missing from his home. His disappearance is similar to that of Dr. Cronin at Chicago and all efforts of the police and his friends have thus far failed to locate him.

What deepens the mystery of his disappearance is the fact that his wife, with whom he lived on most affectionate terms, received a letter purporting to have come from him, in which he says that it is better they should part. The handwriting is strange, however, and the letter is not believed to be genuine.

Last Tuesday Mr. Case was called to the bedside of a dying member of his congregation. He drove into town from his country home and hitched his horses in front of a friend's house, where they were afterward found. The pastoral call was not made and his friends think he has been foully dealt with.

Rev. M. Case was beloved by his congregation and no reason can be imagined for his sudden disappearance aside from the theory of murder.

## MORE LIGHT.

Aaron Lischy Comes to the Front With a Petition.

### Miss Georgilla Lay, Pianist Yaw Concert Co., Opinion of the Packard Piano.

FORT WAYNE, Ind., April 15, 1897.

Fort Wayne Organ Co.:

GENTLEMEN:—It gives me great pleasure to testify to the good qualities of the Packard Piano. The one we used last night exhibited an excellent tone quality and a fine repeating action. It behoves the makers of old established reputation to look well to their laurels when these younger aspirants show such qualities. Congratulating you upon the success attained and looking for great achievements in the future of this most admirable instrument, I beg to remain

## HORSE KICKED.

Hoof Struck Elmer Miller and Fractured His Leg.

Buggy Upset and Occupants Thrown Out—Dr. Gutshall Escapes Without a Scratch—Exciting Accident.

An exciting accident occurred on Columbia street this morning and but for the timely capture of the runaway there would have been a serious smash-up. As it was Elmer Miller, of Arcola, became the victim of injuries to the extent of a fracture to both bones of his right leg, from which he will be rendered helpless for many weeks.

This morning Mr. Miller, who is a blacksmith at Arcola, drove to this city, accompanied by Dr. G. W. Gutshall, of that place. The team became frightened at an ice wagon and proceeded to run away, taking a wild zig-zag course along the thoroughfare, one of them, a vicious brute, kicking off the dash board as he went. The horse's hoof struck Mr. Miller on the leg, inflicting injuries as stated. The team was stopped before doing any further damage or injury and Mr. Miller was taken into Meyer Bros., where Dr. Gutshall attended him.

## CANNOT EXTEND IT.

The Limit for Paying Improvement Assessments.

City Comptroller Berghoff wishes to inform property owners against whom there are improvement assessments that the time of paying such assessments cannot be extended, as he is obliged to meet the coupons next week or let them go by default. It is important that the property owners understand this, as it has generally been understood that they could pay the assessments when they pay their taxes. The improvement bonds have nothing to do with taxes, although the privilege to pay them both together has been granted heretofore.

Sudden Death of Mrs. Roberts, at Chicago, Last Night.

Mrs. A. Whitney, of Jefferson Township, Passes Away—Mrs. McClellan Buried at New Haven—The Funerals.

Professor Miles has been summoned to Chicago by a telegram announcing the death of Mrs. Roberts, the wife of his brother-in-law, William Roberts, of Chicago. The deceased had a large number of friends in this city. She will be buried at Elkhart. Professor Miles will return Sunday night.

Died, at her home in Jefferson township, Mrs. Alanson Whitney. For the past year she had been a great sufferer and most of the time confined to her bed. She was one of the pioneers of this section. She was born in Yates county, N. Y., May 31, 1822. She had been a resident of this county since 1845, and on January 16, 1842, was united in marriage to Alanson Whitney, who preceded her to the better world a decade or more ago. Five children—Mrs. A. C. Crawford, Mrs. George Maples, Emmet, William and Miss Abbie Whitney—all residents of this county, survive her and mourn the loss of an indulgent and loving mother. Her maiden name was Almira Cool, and one brother, John Cool, also survives.

Clara Conrad, aged eight years, an inmate of the school for feeble minded, died yesterday morning and was buried in the home cemetery.

The remains of Mrs. McClellan have been interred in the I. O. O. F. cemetery at New Haven. The deceased was the eldest daughter of John Small, of Woodburn, and a sister of Ed. Small. She was a highly respected lady and the husband and children have the sympathy of the community in their bereavement.

## HEAVY SENTENCE

Given by the Jury to W. H. Brown,

Charged With Subornation of Perjury.

Given Fourteen Years in Prison, Although the New Law Leaves the Length of Service to Commissioners.

The case of the state against W. H. Brown, charging subornation of perjury, brought here from Huntington, which has been on trial before Judge O'Rourke and a jury in the circuit court for some time, came to a close last evening and the jury retired to their rooms to deliberate on a verdict. This morning they brought their verdict into court and it found Brown guilty as charged in the indictment and sentenced him to the penitentiary for fourteen years.

Under the new law, passed by the last legislature and which went into effect on April 1st, the jury only passes on the guilt or innocence of the prisoner in criminal cases and the length of the sentence in the penitentiary is left to a board of state commissioners who review the evidence, the age of the prisoner and other circumstances and have discretionary power to set the finding of the jury aside or affirm it as they may see fit.

In the present case Judge O'Rourke disregarded the new law and allowed the jury to bring in a verdict fixing the time of the imprisonment of the accused. He did this as a precautionary measure, so that if the law was declared unconstitutional, as many attorneys think it will be, the prisoner will be held anyhow. If the law is approved, the commissioners can then fix the length of the term of Brown, making it anywhere between two and twenty-one years, the limit in such cases.

The case against Brown was hotly contested by J. C. Branyan, of Huntington, and N. D. Doughman, of this city, for the state, and M. Cobb, of Huntington, and Judge Robert Lowry, of this city, for the prisoner. The jury was: Chas. J. Weiler, George A. Flinn, Marcellus Ramor, C. Annan, R. F. Frederick, C. H. Westphal, W. H. Harter, W. H. F. Moellering, Joseph Brudi, J. Beyers, Wm. Schoenfeld, Jacob J. Lohman.

The evidence has been before alluded to in THE SENTINEL. It showed that Brown had a note of $1,630 against the estate of Mary McConahy which was given in the name of Ada Foster. He procured John W. Smith to swear that the signature to the note was genuine and by this evidence obtained judgment in the court. Smith was afterwards arrested for perjury and is at the present time serving a term in the northern prison. He was brought here to testify against Brown, and on the strength of his evidence he was found guilty.

Judge Dawson concluded the findings against the Simons estate, which involve nearly $102,000, by appointing Charles Drummond and D. E. Snyder, of Plymouth, and J. M. Barrett, of Fort Wayne, as commissioners, to dispose of all stocks and bonds to satisfy the claims of all preferred creditors. The same order commands the sheriff to dispose of all the real estate for the benefit of all preferred creditors.

## STAR HOTEL.

Formally Opened to the Public Tomorrow Evening.

George H. Seabold, proprietor of the well known Star restaurant, formerly on West Main street, is now located in his new Star hotel and restaurant, at No. 11 East Main street, and tomorrow evening he will formally open his house to the public. The Wayne Tent band will be present and discourse music during the entire evening. Other well known musicians, among whom is Mr. George Jacobs, will be present and add to the pleasures of the evening. The new Star hotel and restaurant is one of the finest places of the kind ever opened in this city. There are thirty-five sleeping rooms as well as several large sample rooms for the accommodation of traveling salesmen. The cafe will accommodate over one hundred persons at one time. Regular meals will be served for fifteen cents, and short orders of all kinds promptly filled.

The hotel is handsomely furnished throughout and equipped with all modern conveniences for the accommodation and comfort of guests.

Mr. Seabold extends a cordial invitation to all his friends to call and inspect his new enterprise tomorrow evening.

THE city treasurer of Chicago is required to give a bond in the sum of $12,500,000. It takes a pretty solid man to furnish such a bond.

TO TREAT a young woman to ice cream three times during a single season, is held by a Boston court to be equivalent to an engagement to marry in the fall. No such decision as that would pass here in Fort Wayne, where young men make a habit of treating other fellows' girls to ice cream, lemonade, etc.

THE Greeks may whip the Turks before the war gets fairly begun, as the Japs did with the Chinese. It looks a good deal that way just now.

A BANK president in New York paid a fine of $50 to escape jury service. In Fort Wayne there are plenty of men who would be glad to serve on the jury.

THE Raines liquor law in New York adds $8,000,000 a year to the treasuries of the state and various cities. Whatever its faults may be nobody charges that it is not a revenue producer.

THE young ladies of Newcastle have organized a Bachelor Girls' association and announced their intention of remaining single. When a girl joins such an association you may bet that she is fast becoming desperate.

SOMEHOW an impression has become prevalent here that policies in mutual or assessment life insurance organizations are now subject to taxation under the ruling of the state board of tax commissioners. A moment's consideration or reflection should suffice to remove this erroneous idea. A policy in an assessment company cannot be taxed and need, therefore, not be listed when the assessor calls around.

EVERYWHERE a constitutional change in the manner of electing United States senators is being demanded. The scandalous scenes that are now being disclosed in Frankfort are only repetitions of what has occurred in other states. We would not only have a higher order of men in the senate if they were chosen by the popular vote but also the satisfaction of knowing that their seats were not acquired by corruption or intrigue.

JEWS in all parts of the world will gather in their homes this evening and begin the celebration of the feast of unleavened bread. It is in commemoration of the pass-over and the deliverance of the race through Moses from the bondage in Egypt. The ceremony is exactly the same as outlined in the twelfth chapter of Exodus, the ritual for the celebration consuming most of the evening in prayer, hymns and symbolic worship. The celebration is to the Jews what Easter is to the Christians.

CARTER H. HARRISON was inaugurated mayor of Chicago last night, and announced the members of his cabinet, as follows: Comptroller, Robert A. Waller; corporation counsel, Charles S. Thornton; commissioner of public works, L. E. McGann; chief of police, Joseph Kipley; chief of fire department, Dennis J. Swenie; oil inspector, Robert E. Burke; collector, Joseph S. Martin; city physician, Dr. D. G. Moore; city sealer, Fred Eldred; private secretary, Edward M. Lahiff. The council chamber was crowded with spectators to witness the inauguration ceremonies.

SEVERAL days ago Congressman Watson sent several large sacks of flour and garden seeds home for distribution among his constituents. The papers announced this fact, and for three days past there has been a constant stream of persons coming to the congressman's law office in Columbus. On Saturday a man came up and asked for beans. He was given two packages. He demurred to this, and reached over into the sack and began to fill his pockets. When called down by the attendant the lover of beans said: "I haven't got enough for a mess yet. It takes more than a quart of beans to make a mess for my family."

### MAY HAVE BEEN MURDER.

Burning of a Farmer's House at Oakland, Rhode Island.

PASCOAG, R. I., April 16.—The home of Edward Reynolds, at Oakland, a farming village a few miles from here, was burned this morning together with all the outbuildings. It is thought that it is a case of murder and arson. Mrs. Reynold's mutilated and blood stained was taken from her bed by those who discovered the fire. The found blood stains and what is believed to be traces of kerosene about the room. They were prevented from making a thorough search of the premises by the heat and smoke. A twenty-year-old daughter of Reynolds, Reynolds himself and Martin Morey, who boarded with the family, are missing. The buildings were totally destroyed, entailing a loss of about $2,000. At an early hour this morning the ruins had not cooled sufficiently to permit a search among them for the missing persons, but this will be begun as soon as possible. Reynolds was a carpenter.

V. H. Blaising has accepted a position with Well Bros.

## BOARD OF WORKS.

### Meeting Held for the Purpose of Confirming Resolutions,

And Transacting Other Business of Importance to the Advancement of Public Work—Petitions Received.

The board of works held a meeting last evening and confirmed resolutions for improvements as follows:

For sewers in and along Cass street, in the alley between Cass and Harrison, and in the intersecting alleys, from Third street to Fifth street; for a main sewer in the alley south of Maumee avenue to Alliger street and between the latter named street from the alley south of Maumee avenue to Hugh street; for sidewalks on the west side of Barr street, from Hamilton to Williams; sidewalks on the east side of Lillie street, from Creighton avenue to the south line of Lillie's out lot No. 39; sidewalks on the north side of Greely street, from Fulton to Jackson. The board will receive propositions from contractors for those improvements on April 29.

The engineer was instructed to prepare plans and specifications for the following improvements: Sidewalks on the north side of Huestis avenue, from the terminus of the present walks to Thompson avenue; on Thompson avenue, from Huestis avenue to Scott avenue; on Scott avenue, from Thompson avenue to the first alley east; sidewalks on the west side of Broadway, from Park avenue to the south line of High Banks addition; to raise and relay the sidewalks on the east side of Calhoun street, between Pontiac and Leith, and on the north side of Leith, from Calhoun to a point fifty feet east.

Declaratory resolutions for vacating the alley north of Creighton avenue, running from Holton avenue to the west line of lot 5, Muldoon's sub-division, and for opening an alley along the south line of lot 4, Hanna's sub-division of the south half of Hanna's out lot No. 11, plat A, from Holton avenue to the first alley west, were passed.

Councilman Tigar asked the board to order the removal of an electric light from the corner of Hanna and Hugh streets, to the intersection of Hanna and Montgomery streets.

The board granted the petitions of Henry A. Gerberding and Joseph Fox, who asked permission to relay sidewalks by private contract, the former in Hanna's addition and the latter in Evans Place.

### MERIT SYSTEM ADOPTED.

Change of Convict Dress Ordered at the State Prison North.

Warden Harley, of the northern prison, has made public that on June 10 he would institute the merit system of dress among the 900 convicts. He will follow Warden Hert, of the state reformatory, in establishing three grades. The first will be designated by suits of gray cloth, the second will be a pronounced check, while the lowest grade will be the ordinary stripes now worn. First grade men will be given seats together in the dining room, second grade men will be fed by themselves, while the third grade, or incorrigibles, will be fed in the cell house. The prison officials estimate that about 5 per cent. of the population of the prison will be found in the lowest grade. Other tests of merit will also be introduced to improve the discipline.

### LOCAL LINES.

Miss Bertha Wilkinson will spend Easter Sunday at Montpelier.

Jacob Meyers, of Pottlitzer Bros.' commission house, went to Logansport this morning.

Mrs. T. H. Coleman, of John street, is the guest of Grand Rapids relatives this week.

Miss Mollie Coe, of Durham, Mass., was in the city today visiting friends. She is on her way to Colorado Springs.

Mrs. W. E. Wood, of 60 West Williams street, was called to Goshen by the critical illness of her little grandchild, the youngest son of Mr. and Mrs. W. A. Hill.

Mr. and Mrs. John Owens, of Cedarville, were driving into the city yesterday and at the Columbia street crossing of the Nickel Plate their team ran away. The buggy was overturned and both occupants were thrown out. Mrs. Owens sustained a fracture of the left arm.

Mr. and Mrs. M. Nicholson, a venerable couple who reside at No. 2 Brookside street, are today celebrating their golden wedding. The guests came from all parts of eastern Indiana and western Ohio. Mr. Nicholson is seventy-five years old, while his wife is about seventy-three.

The Bob-o'-Link club will hold a reunion at the home of Mart Brunn, on East Lewis street, next Tuesday evening. The original Bob-o'-Link club was organized in 1888, and the present organization contains but two or three of the old members. The annual reunions are always pleasant affairs.

A very pleasant surprise was tendered Mrs. J. D. White, of 30 Lillie street, last evening, the occasion being the thirty-first anniversary of her birth. Her husband presented her with a beautiful picture and a pretty water set was the gift of Messrs. and Mesdames Dawkins, Bonnett, Olinger and Klinkle.

Patrick Kane, of the board of works, today expressed in no uncertain tones his disgust for the filthy condition of some down town corners where many pedestrians are compelled to pass. Loafers who will hang around a corner for hours and expectorate on the sidewalk, without regard for common decency, are, in Mr. Kane's estimation, fit subjects for jail. In this expression he only voices the sentiment of a great number of respectable citizens, their wives and their children.

Miss Bertha Schaller, of Lakeside, very pleasantly entertained a number of her friends last evening in honor of her sixteenth birthday.

M. S. Robison returned yesterday from St. Louis. During his visit Mr. Robison took a trip by steamer down the river to Memphis, through part of the flooded district.

The Emporium Gun club will meet tonight at 58 East Main street. All members are requested to be present, as business of importance will come up for consideration.

An Easter service will be given at Christ's Lutheran church, corner of Jefferson and Webster streets, Sunday evening. One of the special features will be the boys' choir.

A. J. Cass, of New York city, is at the Wayne. Mr. Cass made his last trip to Fort Wayne ten years ago, and says that he notices a marked progress in the development of the city since that time.

P. F. Kuntz, of Goshen, Ind., has accepted a position with the J. F. Schell Loan and Investment company. He has moved his family to this city and now resides at the corner of Fulton and Superior streets.

Temple No 1, Order of Pericleans, is arranging a grand musical entertainment, to be given at Phoenix hall on East Berry street, Thursday evening April 22. The program was completed at a meeting of the temple last evening.

The new map of Allen county, published by the J. F. Schell Loan and Investment company, is in the hands of the printers, H. B. Stranahan & Co., of Cleveland, Ohio, and will probably be ready for distribution some time during the fore part of May.

On Thursday, April 22, the La Fountaine lodge of Odd Fellows, of Huntington, will celebrate its semi-centennial by giving an entertainment and banquet. Enoch Cox, of this city, has been called upon to deliver the principal address of the evening, which he has consented to do. Mr. Cox is an eloquent talker and an ardent Odd Fellow.

Dr. S. D. Stoll, of Nine Mile, well known in all parts of the county, has accepted a position with the J. F. Schell Loan and Investment company, of which he is a stockholder, and will assume his duties on the 1st of May. He will move his family to this city next Tuesday, giving up his medical practice and devoting his entire time to the interests of the company.

Hicksville News: "Mrs. Joseph Bilderback stopped off in our city last Friday while on her way home to Fort Wayne from points east. She resumed her journey Saturday."

The ladies' auxiliary of the City Y. M. C. A. desire to say that they have never planned for an entertainment for this evening, but they are to serve supper at the association rooms tomorrow, Saturday evening, from 5 to 7 o'clock.

The city authorities are looking after people who neglect the ordinance requiring that sloping banks shall be sodded. In many parts of the city Mr. Tigar's famous ordinance is neglected, and whenever it rains adjacent sidewalks are covered with mud and water.

New Haven News: "Louis Krock joined the Fort Wayne team Monday and is now practicing with the club. Lou's friends here hope he will prove up to the expectation of the management.—Miss Emma Tenant, of Fort Wayne, is in the city the guest of Mrs. R. W. White and Miss Lida Butler. Miss Tenant is a musician of merit and she is desirous of forming a class here."

There will be a special service at the Wayne street Methodist Episcopal church this evening for all the probationers and class leaders. It will be in the nature of a preparation meeting for Easter, for those who expect to unite in full membership with the church. On Sunday at the forenoon service in this church the pastor will baptise all children presented by their parents, and all adults who are ready for it; and receive the probationers into full membership. Appropriate music has been prepared. The church will be handsomely decorated.

## FACTS WITH POINTS.

### Every One of These Statements Absolutely True.

Mr. A. W. Sharper, 61 Prospect St., Indianapolis, Ind., says: "Gratitude prompts me to write that Stuart's Dyspepsia Tablets completely cured me of Nervous Dyspepsia from which I had suffered for the last four years. I had tried many remedies without results, but am now cured and have gained in flesh, sleep well and have none but words of praise for Stuart's Tablets."

Mrs. Sarah A. Skeels, Lynnville, Iowa: "It has been six months since I took Stuart's Dyspepsia Tablets and am fully cured. Have not had a particle of distress or difficulty since. This is in the face of the fact that I had suffered from stomach trouble for twenty-five years and was pronounced incurable by the doctors."

Junior Newmeister, Eau Claire, Wis., says: "Two 50 cent packages of Stuart's Dyspepsia Tablets did me more good than any remedy I had ever before tried. They hit the spot with me and I once more have an appetite and can eat what I please without fear of distress and bloating afterward."

Dr. Harlandson relates the case of Miss Helen Shales, of Nashville, who was cured of dyspepsia and gained 18 pounds in weight after suffering from stomach trouble for eight years. The doctor uses them in all stomach troubles because they are not a secret patent medicine, but contain pure pepsin, Diastase, fruit acids and valuable digestives, which digest the food whether the stomach works or not, gives it the needed rest and a cure is the natural result.

Dr. Jennison says nine-tenths of disease is caused by indigestion and Stuart's Dyspepsia Tablets is the safest and best cure, because they are not a secret patent medicine, but contain the valuable digestive principles needed by every weak stomach and a whole box would not hurt a child, being absolutely harmless.

All druggists sell Stuart's Dyspepsia Tablets at 50 cents per package.

# CATARRH

## Can Be and Positively Is Cured

### By the Use of Hirons' Double Treatment —Asthma Succumbs to It.

Catarrh, one of the most troublesome and dangerous diseases known to mankind, can in the large majority of cases, be permanently cured. Many who were victims to that disease have been cured, and many more are being cured. Double treatment for Catarrh does its work effectually; clearing it out of the head, driving it out of the blood, where it exists, and ever will exist, unless the health destroying virus is eradicated from the system. Cure it. For it is not only a constant discomfort, but a perpetual menace to life. Use the New Asthma and Cough Cure as the blood purifier, and the Speedy Catarrh Cure for the nasal treatment for Catarrh, and soon those troublesome and distressing symptoms will disappear. The constant dripping of the mucous into the throat, and the pain in the head will cease. The hearing, sight, smell, and taste will be restored.

### HAY FEVER.

Hay Fever, or Hay Asthma as it is often called, is a combination of Bronchial and Nasal affections. The immediate cause and source of irritation being of external origin, attacking individuals during the months of May, June and August. The pollen of hay, dried grasses and rag-weed comes in contact with the nasal and bronchial membranes, involving all the air passages, causing immediate irritation, frequently disabling persons afflicted therewith. The great discomfort and suffering, say nothing of the the loss of life caused by this terrible disease, may be avoided by using Hirons' Double Treatment, which is a sure, safe and permanent cure. Commence using the medicine at once, and get your system in condition to resist the effect of these agencies upon the mucous membrane, thereby keeping the tissues in a healthy condition.

### What the Resident Manager of the Chicago Newspaper Union Has to Say.

The Hirons Medicine Co., Fort Wayne, Ind.

GENTLEMEN:—Your Mr. A. R. Hirons persuaded me to give your Double Treatment for catarrh a trial, and after having used it about 30 days, I can honestly say that the results have been very satisfactory. I have been a sufferer from the disease since childhood, and was so bad at times that the membrane would bleed constantly. By the use of your medicine I have stopped the bleeding, my head is greatly relieved, and I have no more difficulty with my breathing. Yours truly,

CHARLES D. TILLO.

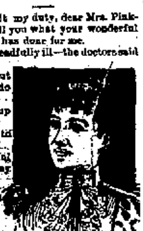
## A Wonderful Statement

From Mrs. McGillas to Mrs. Pinkham.



I think it my duty, dear Mrs. Pinkham, to tell you what your wonderful Compound has done for me.

I was dreadfully ill—the doctors said they could cure me but failed to do so.

I gave up in despair and took to my bed. I had dreadful pains in my heart, fainting spells, sparks before my eyes, and sometimes I would get so blind, I could not see for several minutes.

I could not stand very long without feeling sick and vomiting. I could not breathe a long breath without screaming; my heart pained so.

I also had female weakness, inflammation of ovaries, painful menstruation, displacement of the womb, itching of the external parts, and ulceration of the womb. I have had all these complaints.

The pains I had to stand were something dreadful. My husband told me to try a bottle of Lydia E. Pinkham's medicine, which I did, and after taking it for a while, was cured. No other kind of medicine for me as long as you make Compound. I hope every woman who suffers will take your Compound and be cured.—MRS. J. S. MCGILLAS, 113 Kilburn avenue, Rockford, Ill.

## TAKE A HOLIDAY.

### All the Railway Shopmen Observe Good Friday.

Percival E. Mills Nominated the Shopmen's Candidate for the Advisory Board—Other News.

All of the railway shops of the city are practically closed today on account of this being Good Friday. The Bass works and the electric works are in operation, though with a somewhat reduced force. Business at the depots, both freight and passenger, continued as usual.

MILLS NOMINATED.

The primary election for the purpose of deciding upon a candidate for a position on the advisory board of the Pennsylvania Voluntary Relief association, which has been in progress in the Pittsburg shops for several days, ended last evening in the selection of Percival E. Mills, he receiving the greatest number of votes. Mr. Mills is a carpenter and is employed in the east shops. His opponents in the race were all from the down town shops. In the election in May Mr. Mills will be opposed by someone who is employed in another department than that of the shops. Messrs W. E. Davis and Crawford Griswold are mentioned in this connection, but it is said that neither one has fully decided the matter.

BRIEF MENTION.

Nickel Plate Fireman Ed. Tait is off duty on account of sickness.

C. Matland, of the Pennsylvania shops, is spending Good Friday with his brother in Decatur.

Joseph Brecht has gone to Lowell for treatment for rheumatism. He is a Nickel Plate engineer.

B. F. Horner, general passenger agent of the Nickel Plate, began his railroad career as a brakeman in 1863.

Joseph Young, superintendent of bridges of the Grand Rapids and Indiana road, is lying very ill at Kalamazoo, Mich.

Indications now are that the Order of Railway Conductors will fix upon Cleveland for the location of the Brotherhood's headquarters.

On account of the illness of his wife, Conductor J. F. Long, of the Nickel Plate, has been unable to take his run out for two or three days.

It is stated that thus far the Detroit division of the Wabash has been an expense to the Wabash company rather than an aid in a financial way.

W. P. Kindt has nearly recovered from his recent illness and this morning took his place in the store room at the electric works. He is still a little weak.

The electric light employes now have their relief union in full operation, with a membership of 200. The constitution and by-laws were adopted at a meeting last evening.

Seventy per cent. of the railway stock in this country has not paid a dividend and there seems to be no doubt that the other thirty will not, unless some measures are taken to prevent ruinous rate cutting.

Valparaiso Messenger: "Superintendent Law and Civil Engineer Erickson, of the Fort Wayne road, were here today conferring with the city officials in regard to repairing a street near the Joliet bridge."

The superintendent of rolling stock of the Queen and Crescent assigns as a reason for vestibuling their express and baggage cars similar to their passenger coaches, that there is less liability to accident where the trains are vestibuled.

An impression prevails that in less than six months the Baltimore and Ohio Southwestern will be under full control of the Baltimore and Ohio.

James Hamilton, a Nickel Plate brakeman, who sprained one of his wrists ten days ago, has recovered from the injury sufficiently to resume work.

Conductor J. G. Lurton, of the Tangent line, is laying off on account of sickness and Carey Andrews is taking care of Mr. Lurton's run during his absence.

Nickel Plate engine 28, which is manned by Engineer Dan McFeeand Fireman John Tracey, has been turned out of the shops after repairs and is in service again.

S. J. Reynolds has been appointed traveling passenger and freight agent of the Cincinnati, Jackson and Mackinaw, with headquarters at Cincinnati. This is a newly created position.

Captain Daniel Hanes, formerly claim agent of the St. Louis Southwestern railway, who has been on trial at Pine Bluff, Ark., several days for embezzling $40,000 of the company's money, was convicted today.

All divisions of the Order of Railway conductors in the different states will, on Sunday, April 25, meet and select delegates to the coming national convention, which convenes at Los Angeles, Cal., next month.

Uncle Jimmy Howes, foreman of the Pittsburg boiler shop, is lying quite ill at his home on East Lewis street. He has been ailing for several weeks, but not until a day or two ago did his ailment assume a serious form.

N. B. Baird has been appointed traveling passenger agent of the Toledo, St. Louis and Kansas City, with headquarters at St. Louis. This is a newly created position. Baird was for some years connected with the Chicago and Alton.

Albert Foster, purchasing agent of the Philadelphia and Reading road, is dead. He entered the company's service in 1858 as a clerk. During his connection with the road he had held several important positions, and in 1890 was appointed purchasing agent.

Moses Hanna, for thirty-one years in the employ of the Panhandle at Columbus, most of the time as general foreman of car repairs, was buried Wednesday, the services being conducted by the railroad branch of the Young Men's Christian association.

The members of the board of administration of the Western Freight association will get their salaries whether the association lives or dissolves, as the roads in the association have guaranteed them $10,000 each for two years. They have served three months and fifteen days.

A special train brought Chief Assistant Passenger Agent Frank VanDusen, of the Pennsylvania, down from Chicago last night. He was accompanied by Superintendent C. D. Law and several other division officials. Mr. VanDusen continued his journey east last night on the limited.

Messrs. S. B. Kemp and W. N. Newman, of Wabash, were in the city yesterday and placed an order with the Eclectric corporation for the machinery and fixtures with which to equip a lighting plant. The gentlemen are proprietors of the Tremont house, in Wabash, upon which they are now engaged in putting some extensive improvements, including a complete lighting outfit.

One of the Nickel Plate gravel trains has been taken off until the work of stripping off the loam and exposing another bed of gravel is accomplished. The crew, which was composed of Conductor LaPointe, Engineer Al. Bear and Brakemen A. Bailey and M. DeVitt, will return to the through freight service.

J. M. Chesbrough, general passenger agent of the Baltimore and Ohio Southwestern railroad, will retire about May 1. Mr. Chesbrough will probably be succeeded by W. R. Busenbark, formerly traffic manager of the Chicago and Great Western, who has been offered the place. Mr. Chesbrough will probably return to the Pennsylvania railroad company.

Train collectors were not put on passenger trains of the Wabash lines, as had been announced they would be some days ago. For two weeks or more persons who were expected to fill such positions had been going over the road and familiarizing themselves with the business. An official of the road is credited with saying that the plan was abandoned for the present as an economical measure, as it would have cost between $4,000 and $5,000 per month to have employed ticket collectors on the trains proposed.

## CALIFORNIA'S FUTURE.

It Promises More to Laboring Classes Than Any Other Country.

It is very difficult for one who has not looked closely at its location and extent to appreciate the peculiar advantages of California. In latitude it extends from the southern line of South Carolina, north to the southern line of Massachusetts, covering on the Pacific slope a corresponding coast line extending inland on an average about two hundred miles. Take the Atlantic coast line covering the same width, examine it critically and see what a hive of industry and what an immense population is covered.

Lay a similar area in the same latitude in the Mississippi Valley, running from the northern line of Louisiana to the northern line of Illinois, and see what an agricultural region it comprises. And yet California has many notable advantages over either of these tracts. In variety and fertility of soil, in climatic conditions, it stands far in the lead.

What then is to be the future of this great state? When its great valleys are all occupied by an industrious and thrifty people, and its foothills are, as they are destined to be, teeming with life, who dare predict what shall be its output of material products, or what its influence on the great body politic.

It is true that some portions of the state are unfitted for the purposes of home-making, but most of these regions are of the nature of great natural parks—breathing places for the multitudes who shall eventually make their homes in this favored state.

Nor can it be that many years will elapse before this inviting field will be occupied. Before the recent financial crisis the tide of immigration had already set in, and it has been only temporarily checked, to be resumed whenever the "good times" prophesied shall arrive. No part of our country offers wider fields for good investments—investments that are entirely safe and that are sure of returning a good profit. In a comparatively new country favorably located there is always an accretion of value to real estate not to be looked for in a country already developed, or where the period of decadence has been reached.

In a great state surer than near a great city any one buying outside lands or lots, exercising reasonably good judgment in their selection and holding on to them, is sure of a returning reward. Circumstances may long retard the growth of, or even kill, an incipient city, but in a great state with no fatal drawbacks the onward growth is as sure as the hand of fate.

Far-seeing men have already made large investments here, but there are yet many thousands of acres awaiting the "coming man," whose wisdom will surely bring its rich reward. Send to W. G. Neimyer, general western agent, Southern Pacific Co., 238 Clark St., Chicago, for literature descriptive of California. 14eod3t

### Kentucky Races.

LOUISVILLE, Ky., April 16.—All bookmakers will be permitted as usual to draw in at the spring meeting at Louisville, Latonia and Oakley. This announcement is made officially, and is intended as a contradiction of the rumor that each association would put in its own books in connection with the mutual system of betting. It is almost a sure thing that Louisville will not attempt to put on the mutuals this year.

### Captain Carter Dead.

SEATTLE, Wash., April 16.—A special from Grand Forks, B. C., announces the sudden death of Captain Carter, a well known character of the camp, said to be a brother of Senator Thomas Carter, of Montana. He leaves mining property valued at $800,000.

### Presbyterian Ministers.

CHICAGO, April 16.—Many distinguished Presbyterian ministers are in session in Chicago today and tomorrow to consider methods of bringing the various Presbyterian church organizations of the world into closer harmony.

Cleveland, Ohio, March 17th, 1897.

NOTICE is hereby given that a Special Meeting of the Stockholders of The Lake Shore and Michigan Southern Railway Company has been duly called, and will be held at the Company's principal office at Cleveland, in the State of Ohio, on Thursday, the 20th day of May, 1897, at 10 o'clock A. M., for the purpose of considering, voting and deciding whether the Stockholders of the Company shall consent, and shall authorize said Company through its Board of Directors and proper officers to execute, and to deliver an issue of its bonds for an aggregate principal sum not exceeding $50,000,000, payable June 1, 1997, bearing interest at the rate of three and one-half of one per cent per annum, payable semi-annually, both principal and interest to be payable in gold coin of the United States of the present standard of weight and fineness; and, as security for such bonds, to make and execute and to deliver to some Trust Company in the City of New York, or to some other Trustee or Trustees to be designated by the Board of Directors, a mortgage of any or all of the railroads, leasehold interests, equipment and franchises and income of the Lake Shore and Michigan Southern Railway Company; and accordingly to increase the indebtedness of the Railway Company to the extent that said aggregate principal sum shall exceed the existing indebtedness of said Company; and to consent to and approve of any mortgage that may be presented to said meeting for securing the said bonds; and to ratify the proceedings of the Board of Directors authorizing such bonds and mortgage.

By order of the Board of Directors.
m19—May 20   E. D. WORCESTER, Secretary.

## WHERE MINES GROW.

Of late years silver production has outstripped gold. A different condition of affairs exists in the now renowned Kootenai country. While silver predominates in some localities there, yet the streams have placer gold in paying quantities, and at Rossland, in the Trail district, gold is king. Copper and iron are found and coal also, at some places.

The recent development of this region and of that contiguous thereto in Washington, has been phenomenal. Mines of exceeding richness, from the grass roots down, have been opened all over the mountains; railroads have been built into and through the country; steamboat lines on the lakes and rivers have been increased and expanded, and towns sprung up as if by magic.

The country is good for rich or poor, the climate is mild and bracing, and the scenery grand beyond description.

Among the prominent mining camps are Rossland, Nelson, Ainsworth, Kaslo, Slocan, Salmon River, Cariboo and Deer Park.

The mountains are well timbered, rendering fuel cheap, and living expenses are reasonable.

Smelters are located at several points contiguous to the mines.

The year 1896 witnessed a wonderful emigration to the Kootenai country, and it will be eclipsed by the record of 1897.

The direct route to this land of gold, from the east, is via the Northern Pacific railway to Spokane, Wash., and Spokane Falls and Northern railway from that point north.

West of the Rossland region lies the Boundary Creek country—practically a continuation of the former—of very rich promise but as yet of meagre development. South of the Boundary line, in Washington, is the "Reservation" country, a land also of promise.

A full description of the Kootenai region can be obtained by sending to Chas. S. Fee, Gen. Pass. Agent, N. P. Ry., St. Paul, Minn., for their new Kootenai Folder and elaborate relief map. This is the best map published of the Kootenai. m20-4t

## Proposal to Receive Bids for Sale of Property.

I will receive sealed proposals for the purchase of lots Nos. [illegible] in Hamilton's 3d. Addition to the city of Fort Wayne, being known as the Third Presbyterian church property at the corner of Calhoun and Holman streets, fronting [illegible] feet on Calhoun street by [illegible] feet deep to the alley.

Sealed proposals will be received at my office until 12 o'clock at noon, on the first day of May 1897.

The purchaser to bid on the lots and church building. We reserve from said sale the pews, carpets, musical instruments and books belonging to the church. We also reserve the privilege of rejecting any or all bids.

Parties bidding for this property will also please state the terms upon which they wish to pay for the property. Deferred payments to be secured by mortgage upon the property, at six per cent. interest payable annually.

S. C. LUMBARD,
Sale Agent.

**KOUMISS** is particularly efficacious in broken down nervous systems, patients convalescing from the Grippe, and when assimilating functions of the stomach have been impaired by disease or excess. In chronic lung affection, unfortunately so common in this district, it promises to fill a want which the physician has been impotent to supply. Dyspepsia is often cured by the use of Koumiss alone, it affording sufficient nourishment for the system without taxing the stomach in its digestion. The use of Koumiss has been exceedingly gratifying in all cases where there has been difficulty in assimilating the food. Koumiss makes the sick well. Bottle, 25 cents.
